

Name _____

Date _____

Attention Residents:

Beginning on Friday, August 17, Highway 151 will be closed for repairs near the town of Springfield. The road will be closed for five miles. The purpose of these repairs is to mend the large cracks and potholes created last winter.

During this time, two alternate roads will be available. People who are driving within Springfield can use Main Street to drive through town. People who are driving to places in the county outside Springfield can use Interstate 7. It is located just two miles east of Highway 151. The fastest way to get to Interstate 7 from Springfield is Slate Road.

The repairs are expected to last at least two weeks but no more than four weeks. We will post updates to the Burns County website (www.burnscountynews.com) as the roadwork progresses. Thank you for your patience and understanding as we work to make Highway 151 safe again.
