ReadTheory

ReadTheory is grounded in the Science of Reading

Phonological Awareness
Decoding
Sight Recognition
Literacy Knowledge
Vocabulary
Background Knowledge
Language Structures
Verbal Reasoning

ReadTheory & Scarborough's Reading Rope

ReadTheory supports through:

Improving Reading Comprehension:

- High interest fiction and non-fiction texts
- Building background
- Tier II and Tier III vocabulary supports
- Formative assessments
- Teacher dashboard reporting

Building Word Recognition:

- Adaptive learning
- Focus mode
- Real-time student feedback

Language Comprehension

Background Knowledge
Facts, concepts, etc.

Vocabulary
Breadth, precision, links, etc.

Language Structures
Syntax, semantics, etc.

Verbal Reasoning
Inference, metaphor, etc.

Literacy Knowledge
Print concepts, genres, etc.

◀ **Increasingly strategic**

Skilled Reading

Word Recognition

Phonological Awareness
Syllables, phonemes, etc.

Decoding
Alphabetic principle, letter-sound correspondences

Sight Recognition
of familiar words

▲ **Increasingly automatic**

ReadTheory

Improve your students' language comprehension skills...

1 Build Background Knowledge

Students engage with high-interest Fiction and Non-fiction texts, making thematic and contextual connections across the curriculum.

Questions: **5**
Lexile level: **200L**
Reading level: **2**

Exploring the Wonders of Geometry

Covers basic arithmetic, geometry, and problem-solving skills.

2 Strengthen Vocabulary Acquisition

Students are introduced to Tier II Vocabulary according to each student's unique Lexile Level as a part of existing schema as opposed to isolated instruction.

Boost student engagement and confidence for every reader...

3 Deepen Engagement with Texts

Students take frequent low stakes formative assessments and complete writing prompts that increase retention and monitor student achievement in between testing periods.

Writing Prompt: Compare & Contrast

3. Compare and contrast the ancient Celtic festival of Samhain with modern Halloween celebrations. How are the two similar? How are they different?

Fill in your anwser

Submit

The Celts believed that on this night, the boundary between the living and the dead was blurred, allowing **supernatural** beings to roam the Earth.

4. What word can replace "supernatural" in the article?

A	Average
B	**Paranormal**
C	Natural
D	Healthy
E	Insane

Submit

---

4 Provide Strategic Instruction & Comprehension Practice

Students are exposed to different question types including explicit, implicit, main idea, supporting detail, inference, author's purpose, vocabulary, compare and contrast, cause and effect, fact and opinion, evaluating questions, and more.

ReadTheory

Empower educators with the data they need to support students

5 **Implement Data-Based Instruction**

Teachers and students gain real-time insights as the platform automatically adapts to each student's unique skill set and Lexile Level.
